Purchaser acknowledges no other written or oral agreements or representations have been made by the Seller. No modifications or additions to this order shall be binding upon the Seller, unless expressly agreed to in writing by the Seller.
- 2.** Seller's acceptance of this purchase agreement is expressly limited to, and conditioned upon Purchaser's acceptance of the general condition, and limited warranty and manufacturer's recommendations herein. Seller specifically rejects any terms or conditions stated by Purchaser or contained in purchaser's documents or correspondence, which conflict with or limit the terms and conditions herein.
- 3.** Seller warrants that its block meet applicable ASTM standards. If the block does not meet ASTM standards, Seller will replace the defective block. **SELLER'S AGREEMENT TO REPLACE DEFECTIVE BLOCK IS EXPRESSLY IN LIEU OF ALL OTHER WARRANTIES, EXPRESSED, IMPLIED, OR STATUTORY.**
- 4.** The Purchaser has the right to inspect materials at shipping point. Failure to inspect and reject non-conforming material constitutes acceptance. The Purchaser must inform the Seller in writing within 48 hours of the rejection of any shipment. Failure to reject as provided for in this condition releases Seller of any liability whatsoever. Claims for errors or shortage must be made immediately upon receipt of material. To be considered, any claim for defective product must be made within 48 hours of receipt of product on job site and **BEFORE THE INSTALLATION OF ALLEGED DEFECTIVE MATERIAL INTO THE STRUCTURE.**
